

FAN YANG'S "BUBBLE WORLD SHOW"

Korea has just opened the world's second exclusive "bubble show" theatre. On 24th April, Fan Yang's Bubble World show opened in Myungbo Art Hall in Euljiro3 3-ga, following in the footsteps of the hugely successful "bubble show" theatre in New York. Canadian artist, Fan Yang, gained world fame for his White Bubble Show, which captivated audiences when it played in Korea. "Bubble World Show" is his latest creation.

This time, Fan Yang directs from behind the scenes, and his elder brother, Jano Yang, and his son, Deni Yang, appear in turn to present an 80-minute, fun-packed bubble extravaganza, which features super-large wind fans, snow machines, and laser beams.

At the center of the lobby and at the entrance to the out-door performance hall are the "Bubble Experience Zones", where the audience can make bubbles themselves using tools invented by Fan Yang. At the "Bubble Gallery Zones", people can see the photos of Fan Yang setting Guinness World Records and other photos that show the beauty of bubble art.
